City Ponders Liquor Store Closing Law

2 A.M. Deadline Here Held Illegal as In San Francisco

Finding itself without a closing law regulating liquor establishments, as the result of a ruling made in San Francisco, the City of Redwood City today, through its public officials, considered a measure to maintain the 2 a.m. deadline for dispensing of intoxicants.

City Attorney Albert S. Mansfield, after confering with several city councilmen, said he would draft an ordinance for consideration at the council's next meeting March 1. The ordinance would force closing of all establishments operating under a city license where liquor is sold.

"The city has no jurisdiction as to when liquor can be sold, any more than it can say whether or not it can be sold at all, since we do not have local option," the attorney explained. "But I believe the city could say that those establishments selling liquor and holding a city license to do business must close at a certain hour."

WOULD AVOID DELAY

While in view of the San Francisco ruling the state legislature may pass a law controlling the sale of intoxicants, the measure would not become effective until in August or later, Mansfield said. A city ordinance, however, could be made effective immediately.

The San Francisco ruling nullifying the law closing liquor establishments between 2 and 6 a.m. was given by City Atty. John J. O'Toole. In the wake of court decisions, he ruled that the law has had no legal foundation since 1933. Judge Hartley Shaw of the appellate department of the superior court in Los Angeles and Municipal Judge Thomas M. Foley of San Francisco had previously reached the same conclusion. Both judges held that the 2 a.m. closing had been mandatory under state law prior to enactment of the Wright Act, but that the Wright Act had repealed it.

O'Toole notified the police department, in answer to its request for his opinion, that he thought the judges were absolutely right and that the closing law didn't exist.

Since no local laws fixing closing hours of business selling liquor have ever been passed, the same ruling would apply in Redwood City, Attorney Mansfield said after thumbing through the city's book of ordinances.

While the San Francisco ruling sent city officials of most localities scurrying to learn what the local rules were, the State Board of Equalization maintained the old law still was in effect, thus portending a legal battle over the situation.

Fred E. Stewart, board of equalization member, said that under a board ruling adopted in January, 1936, tavern keepers' licenses for selling liquor may be forfeited if their places are kept open after 2 a.m.

Meanwhile, San Francisco, where O'Toole's ruling was put into effect immediately after he gave it late Saturday, reported "standing room only" in jail cells reserved for drunks.

Police reported they had arrested 181 persons—an all-time high—for drunkenness over the weekend.

Patrol wagons did a business that surpassed any New Year's Eve.

Whether or not Redwood City barroom operators would attempt to stay open after the 2 o'clock hour was not known.

Police Chief C. L. Collins said that his instructions to police officers so far had been unchanged—that arrests would be made at places operating after 2 a.m.

Hawaii Junkett Is Made Prize In Oratory Race

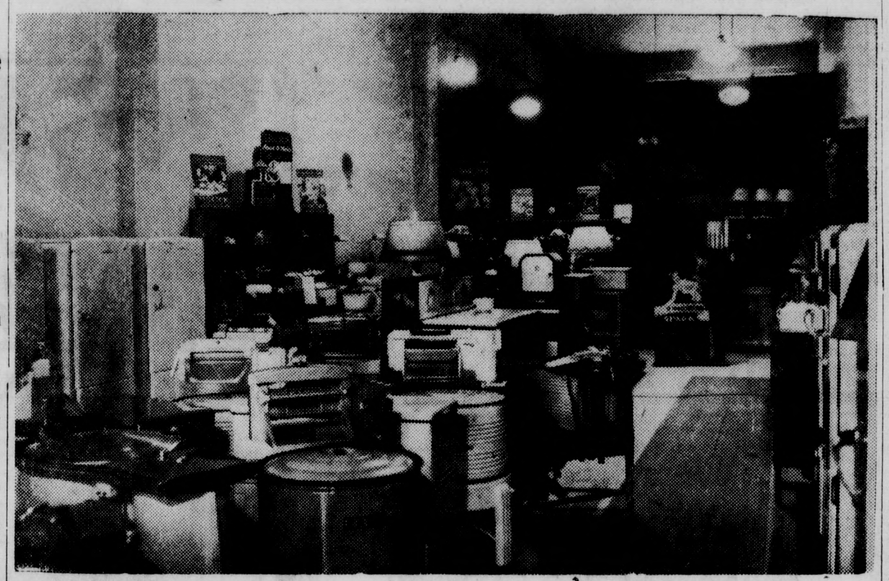
With a vacation trip to Hawaii as a reward for the winner, the California Crusaders today announced that their second annual public speaking contest for the high school students of northern California will start March 1.

The subject is "American Citizenship—And What It Means to Me."

"This contest," declared Samuel J. Hume, director of the Crusaders, a non-partisan organization, "is designed to encourage among the youth of California a deeper appreciation of the ideals, principles and obligations of American citizenship. It has the endorsement of educators, students, veterans, and thinking men and women everywhere."

Trophies and vacation trips to Camp Curry and other summer resorts will be awarded the other winners.

NEW QUARTERS OCCUPIED BY LOCAL STORE



Here is the interior of the GOOD HOUSEKEEPING STORE which is holding open house this weekend in its new quarters at 2521 Broadway.

The store which was previously located at 2326 Broadway, has added General Electric Refrigerators to its line which now includes: Westinghouse Refrigerators, stoves and laundry equipment; Easy Ironers and Washers, Spark Stoves, Emerson Radios, and Westinghouse Household Appliances.

Continued expanding business made the move to the larger store necessary according to A. B. Cheatham, proprietor. The sales staff has been enlarged to eight and are headed by Howard Brown who is manager of the store. In addition to the increased sales staff a complete service department for repairing and maintaining appliances of all makes has been added.

BOARD VOTES TO BUY PARK AT ATHERTON

Site on Flood Estate For Playground Approved

Approving a recommendation of the planning commission, the board of supervisors Monday laid plans for a survey and purchase for park purposes of 20 acres of the Flood estate near Atherton.

Upon motion of Supervisor Beer, with Supervisor Poole seconding, the board instructed the district attorney's office to publish notice of the supervisors' intention to purchase the land, and at the same time ordered the engineer's office to proceed with a survey of the park so that a purchase price may be negotiated.

Supervisor Beer suggested that there is still sufficient money in the land acquisition budget to buy the park, intended to serve the southern end of the county, but that if this were opposed, the purchase could be made through time payments.

Approval of the recommendation was given after Ronald Campbell, executive secretary of the planning commission, had appeared to urge acceptance of the recommendation, declaring that the "well-drained, level, wooded area," located easterly of the Atherton city limits, would round out the park plans of the county.

Campbell pointed out that the past policy of the county has been to go ahead with such purchases, leaving improvement of the lands to a later date.

Former Planning Commissioner Charles Meinert, who originated the Flood park plan, appeared to place before the board the need of the North Fair Oaks district for a park. Winfield Scott, secretary of the civic league and park planning expert, also spoke in favor of the park development, saying "it is buying for the future."

R. E. Nance, professor of animal husbandry at North Carolina State College, says common salt is the basis of all meat curing.

Horse Dies, Foiling Plans For Execution

Chief of Police C. L. Collins today credited a local horse with having the horse sense to die.

Police interest in the animal was aroused when its owner, J. P. Harder of Stafford street, requested the police to send an officer to dispatch the sick animal.

Chief Collins detailed Officer S. E. Douglass to the case. Douglass distastefully shouldered a shotgun and set out for the execution site.

But on arriving he was informed by Harder that the horse had died just a few moments previously. Harder said he thought the animal must have had a premonition of the arrival of the officer and been frightened to death.

Plan Before Commission

Approval of the Lions' Club plans for tree planting along the Bayshore highway within the limits of Redwood City has been given by E. S. Whitacker, arboriculturist of division four of the state highway commission.

With his approval, the local service club is now free to present formal application to the commission for permission to go ahead with group planting of trees interspersed with shrubs along the highway. The plans contemplate large clusters of trees at each entrance to the city limits.

Next step in the Lions' plan for civic beautification will then be presentation of the plan for approval by the city council, L. E. Wolbert, chairman of the Lions Club city beautification committee, announced.

Plans were forwarded to the highway commission several weeks ago, and have been pending Whitacker's approval.

Codfish produce 2,000,000 eggs at a time.

S. F. LEAGUER IS PRESIDENT OF DISTRICT

Election, Installation Bring Convention Here to Close

Willard Lawrence of San Francisco was elected president of San Francisco District Epworth League in the closing district convention session at the First Methodist Episcopal Church here Monday, succeeding Bradley Conderman of South San Francisco.

Elected to the vice presidency was Glenn Graves of Salinas, who replaces Gail Gregg of San Francisco. Alice Worsley of Burlingame is the new secretary, succeeding Constance Messenger of Pacific Grove, and Margaret Bridgham of Santa Clara is the new treasurer, replacing Dale Farris of Morgan Hill.

The new officers were installed by Dr. John L. Burcham this morning, before the three-day convention was concluded at noon.

The convention, with the Redwood City Epworth League headed by Russell Reiserer, as host, opened here Saturday afternoon and was featured by a banquet Saturday evening, with Dr. Gerald Kennedy as toastmaster; special church services at the Methodist church Sunday morning, the Rev. W. J. Owen talking on the convention theme, "For the Living of These Days;" vesper and morning watch services, recreational hours at Sequoia high school, and election and installation of officers and a panel "Exchange of Ideas" this morning, the latter participated in by Paul Campbell of Berkeley, speaking on "League Methods;" the Rev. Don Chase of San Francisco, "Industrial Problems;" the Rev. D. W. Throckmorton of San Francisco, "World Problems;" and the Rev. Roy L. Ruth of San Francisco, "Religion in Life Today."

TITLE FIRM TO ENLARGE OFFICE HERE

$50,000 Expenditure Set By California Pacific Company

Plans to enlarge and remodel the quarters of the California Pacific Title & Trust Company at 2303 Broadway, corner of Hamilton, were announced here by T. J. Hallinan, manager.

Gain in business of the firm, due to a tremendous increase in population of San Mateo county—believed to be the largest percentage of growth enjoyed by all counties in the state—has caused the title company to determine upon the expansion program, Hallinan said.

Total expenditure will approximate $50,000, the manager said. The present office, with a 40-foot frontage on Broadway and 75 on Hamilton, will be extended 50 feet further along the latter street. A second floor may be constructed also Hallinan said. Improvements definitely decided on are a basement, more office space and two new rest rooms.

Plans have been drawn by Capt. E. L. Norberg, Burlingame architect. Work on the project is expected to begin in the immediate future.

"The policy of our firm has always been to provide San Mateo county with the finest title facilities available," Hallinan said. "This expansion will enable us to serve the peninsula still better."

He said that the present plant is considered a model one in that it has a complete line of maps of San Mateo and a complete takeoff of all records from their inception.

Regarding the population gain shown by San Mateo county recently, Hallinan said he believed that the increase had just begun; that the next few years will see the largest growth in the county's history. Benefiting this territory will be a bill at present pending which would extend the government's guarantee on FHA loans, Hallinan said.

Short Illness Proves Fatal to Baby Here

A week's illness from pneumonia proved fatal Tuesday to monia proved fatal this morning to 18-month-old Sally Ann Brant, daughter of Mr. and Mrs. Emmett C. Brant of 1321 Hopkins street. She died at Palo Alto Hospital. Although born in San Mateo, the child had lived here with her parents for the past three months. Previous to that time she lived in San Francisco.

Besides her parents, little Sally Ann is survived by her grandparents, Mr. and Mrs. John C. Brant of San Francisco and Mr. and Mrs. A. Bertolucci of Redwood City.

'GREAT O'MALLEY' HEADS BILL

Pat O'Brien and Ann Sheridan head the cast of "The Great O'Malley" which opens a three-day engagement at the Sequoia Theatre Sunday. Completing the double bill is Jane Wither's latest feature, "The Holy Terror," with Tony Martin and El Brendel.

SUPERVISORS UNANIMOUS IN SELECTION OF FORMER REDWOOD CITY MANAGER

NEW MANAGER

E. A. ROLISON
To Return to Redwood City

REA Assistant to Aid As Budget Director Till May 29

Ending deliberations which have extended over several months, the San Mateo County Board of Supervisors, with dramatic suddenness, Monday designated Ernest A. Rolison, former Redwood City city manager, as the future county executive.

At the same time they named him budget director at a salary of $250 per month, a position he will occupy as a stepping stone to the $6000-a-year manager post, which he will take over "on or before June 2," after expiration May 29 of the term of Walter T. Kellogg, incumbent.

The supervisors concurred in Supervisor Beer's statement that they intend "to ignore" the petitions sponsored by Former Assemblyman Frederick Peterson of Burlingame, himself a former candidate for the county executiveship. He withdrew from the race, in which there were nearly two score applicants, after announcing the petition move to the board.

Climaxing the race last week was the withdrawal of Hollis Thompson, Berkeley city manager. He informed the board that several large projects pending in Berkeley prevented him from further consideration of the county post.

Smith Named To Negotiate

The fight to secure a life-saving station for the San Francisco airport and San Mateo county turned to Washington Tuesday, with the San Francisco supervisors memorializing congress to hasten establishment of such a station.

Meanwhile the county board left in the hands of Board Chairman Hugh H. Smith the matter of negotiations to secure a rescue boat or a coast guard unit on the county bay coast line to prevent recurrence of such tragedies as the drowning of 11 persons in the February 9 Mills Field airplane crash.

Smith said that several communities on the peninsula were cooperating in efforts to win some safeguard for the future.

They were waiting, however, he said, to see what results followed the efforts of the San Franciscans to press congress for action on the matter.

Elizabeth Lowe, Local Pioneer, Taken By Death

Mrs. Elizabeth Frances Lowe, 75, resident of Redwood City for more than 50 years who but recently moved to San Mateo where she was stricken a few days ago, died late Sunday at a San Mateo hospital.

With her husband, the late Julius Lowe, long a well borer and contractor here, she was for many years prominent in Redwood City society.

She is survived by a daughter, Mrs. Gladys B. Yount of Belmont, and a son, Irby M. Lowe of San Mateo.

Mrs. Savage's Sister Dies in Stockton

Mrs. John Mannhalter, 40, sister of Mrs. Roscoe R. Savage, 911 Fulton street, Redwood City, died shortly before noon Monday at a Stockton hospital.

Liberia has a coast line of 350 miles, though its greatest depth is 170 miles.

Bids Are Sought For Frazer Store Building in P. A.

Bids for purchase of the store building on University avenue at Emerson street in Palo Alto owned by the late James Frazer were being awaited today by Administrator J. C. McGovern.

Under terms of a court order, offers for the building, which formerly housed Frazer's department store, will be sought during the coming year, beginning February 23.

Bids may be submitted to Ross and Ross at the office of the lawyers, they said.

Should a bid deemed satisfactory be received, it will be presented to court for approval, the attorneys said. Otherwise the store will be held for the full year awaiting bids.

MENLO PARK NEWS NOTES

The board of supervisors has practically agreed to purchase 20 acres of the Flood estate on Ringwood and Bay road for a recreation park for the enjoyment of the southern end of the county. It is a beautifully wooded tract, originally owned by the late John T. Doyle, who sold the adjoining acres to the late E. W. Hopkins, who erected costly dwellings for his three daughters. The tract is one of the finest in the county. It would make an ideal park, covered as it is with a big growth of live oak trees. It ought to be made the show place of the county.

Several petitions have been received here during the week for signatures opposing the supreme court program of President Roosevelt. The opposition is readily signing the documents. Two were forwarded to Senator Hiram Johnson yesterday and two more will be mailed today.

W. P. Roth, manager of the Matson Navigation Company, who recently bought the vast Bourn estate, has big plans for improving the holding. The estate is one of the finest on the peninsula.

All the players of the three-act comedy to be presented on the eve of St. Patrick's Day are rehearsing mightily. The performance is to be one of the best ever presented to a Menlo Park audience.

All roads will lead to Santa Anita tomorrow for the advent of the big $100,000 race. The people of Menlo Park are interested because the big owners of the track reside here. They are Doctor Strub and Felix McGinniss, vice president of the Southern Pacific Railroad Company. Both are neighbors on Valparaiso avenue. They have cleared fortunes in the enterprise and with their peninsula friends will have front seats at the races. The Menlo Park sports are placing their bets on Seabiscuit to win. Will they?

The San Francisco Examiner on Monday, in an editorial, paid a belated tribute to Senator Samuel M. Shortridge for having sponsored the child labor law amendment in the senate in 1923. He wrote the bill and had it passed in both houses in 1924. California ratified it in 1925, the first state to do so. The act lay dormant until recently when the administration took it up and urged its adoption by the states. Should it become a law, the name of Mr. Shortridge will always be connected with this constitutional amendment, for his outstanding efforts on its behalf showed his humanity in fostering the cause of aiding the helpless children and keeping them from the sweat box. The Examiner pays honor and gives credit to Mr. Shortridge for his great work for humanity.

Shortly after the Lenten season is over, the wedding of a Menlo Park business man and a beautiful Stanford co-ed will take place. The prospective bride is a talented young woman and pretty.

At the regular meeting of Menlo Park American Legion Auxiliary Tuesday night, it was decided to give a "Jiggs dinner" Wednesday, March 31, in the Legion Hall. President Dora Scott Devol appointed Isabelle Weeden Lindquist as chairman and the following ladies will assist her: Marguerite Blanchard, Marion Malpas, Irene Boone, Ethel French, Mary Buerman, Elizabeth Lyon and Clarissa Ross. The public will be invited, and for a small sum a delicious home-cooked meal will be served by the ladies, who have gained quite a reputation in the past for the fine dinners they served.

Mrs. Carroll A. Devol has completely recovered from her recent illness and has returned to her home on Santa Cruz avenue. She was convalescing at the home of her friends, Major and Mrs. Leon French, in San Mateo.

W. H. Weeden has sufficiently recovered from his recent illness to supervise the erection of a large building on the Bishop estate in Woodside.

Rare examples of hand-made vestments and liturgical art made by the nuns at Corpus Christi monastery in Menlo Park will be displayed at the Archdiocesan convention in the Benjamin Franklin Hotel at San Mateo tomorrow. Mrs. Philip Miebach of Palo Alto is arranging the exhibit.

The Rev. Schuyler Pratt of St. Peter's Episcopal Church in Redwood City was the speaker again last Sunday evening at Trinity Episcopal Church in Menlo Park, delivering the second in a series of Lenten messages on "Men Who Moved the World."

At a family dinner last Saturday evening at the Lake Merritt Hotel in Oakland, Miss Barbara Ann Smith, daughter of Charles H. Smith of Menlo Park, announced her engagement to George W. Hill Jr. of Oakland.

The wedding will take place in the late fall.

Miss Smith was graduated from the Convent of the Sacred Heart at Menlo Park and from Sequoia Union High School. Her fiance is an Oakland High School alumnus and is now studying forestry.

Miss Jacqueline Kreling, whose engagement to Carl James Simpson Jr., Menlo Junior College and Stanford University graduate, was announced in December, has selected April 15 as the date for their marriage. A few days later the couple will establish their home on the peninsula, where Mr. Simpson is in business.

Under auspices of St. Joseph's Alumni, a whist party will be held Tuesday evening at 8:15 o'clock at the Central Grammar School. A charge of 25 cents will be made for score cards.

The best absinthe contains 70 to 80 per cent alcohol.

YOUTHS HELD FOR ROBBERY AFTER CRASH

Loot Found in Coat Of D. C. Policeman During Quizzing

Having assertedly confessed robbing a man of $90 following a smashup last night at Colma, then later trying to hide the loot in a policeman's pocket, two youthful San Franciscans were lodged in county jail cells here today.

The pair, Angelo Accamo, 20, painter, and George Polk, 17, plumber, both of San Francisco, were arrested by Patrolman Otto Schramm and Constable George Krehl.

The arrest followed accusations of Guiseppe Martini, 45, Colma, that the youths had held him down and extracted $90 from his wallet when he took the purse out to show them his operator's card. Martini, Schramm said, had smashed into the youths' stalled machine on Hillside boulevard.

Schramm and Krehl, notified of the accident and hearing Martini's accusations when they arrived, took the pair to the Daly City police station. There questioning elicited a confession of the robbery, but denial as to knowledge of where the funds were, officers said.

Sure that the youths had had the money with them when they entered the police station, the officers staged a thorough search, finally locating the money in a pocket of an officer's coat hanging on the wall. One of the boys had apparently slipped the money there while awaiting questioning.

Accamo, police said, had been convicted previously of theft, being on probation from the Marin county jail.

Both youths are being held in default of $250 cash bail, set by Justice of the Peace Wade H. Clay.

NEED COMPRESSOR OPERATOR

The United States Civil Service Commission announces an open competitive examination for compressor operator to fill vacancies in the National Park Service for duty at Yosemite. The salary is 65 cents an hour. Persons should apply to the secretary, Board of U. S. Civil Service Examiners, National Park Service, Yosemite National Park.

Syria was placed under the mandate of France in 1920.

Alaska Trip Told Students

"Alaska to the Antipodes" (on a "shoestring," might be added) was the theme of a talk presented for students at Sequoia high school in two assemblies Tuesday by Arthur Cone, world traveler.

Entering college when he was 16, Cone was forced to drop out after a year when the depression came along. He started traveling and has been at it almost ever since. His first trip was across the United States from the East coast to San Francisco by hitch hiking. The same mode of travel took him on through California and south into Mexico.

Then a cooler climate appealed to him and he sought means of reaching Alaska, without benefit of cash. A first class ticket in return for an article describing the trip was agreed to, and Cone arrived in Alaska, making his way up the Yukon river by work and wits, not always coming out on the "long end" of a "deal." Coming back he traveled by land through Canada to California and then headed for Australia as a deck boy aboard ship.

Travels in these three countries and in Europe, by much the same means, formed the subject matter for Cone's talks at the school, given for freshmen and sophomores at one assembly in the morning and for juniors and seniors at another immediately following.

Band Leaders Aid Orchestra Forming

Fifteen well-known band and orchestra leaders from various parts of California will assist Max Gelber, Sequoia high school band and orchestra conductor, in training the all-schools orchestra which is to play for the California Western Music Conference in San Francisco March 21-24.

Gelbert announced today that selection of orchestra members, chosen from schools in the Western Conference, which includes California, Nevada, Arizona, Alaska and Hawaii, has been completed and the group is ready to begin rehearsals under direction of Alfred Hertz, San Francisco Symphony leader, on March 22. Gelber, as a member of the conference executive board, has been in charge of organization of the orchestra.

For the first time in many years the National open golf tournament qualifying round for the Rocky Mountain district will not be held in Denver. It has been moved to the Brondmoor course at Colorado Springs, June 1.

Kelly to Resign Purchasing Post When Kellogg Out

Stanley Kelly, county purchasing agent, will resign when Walter T. Kellogg, the man who appointed him, finishes his term of office.

Kelly, who is confined to his home at Burlingame while recovering from injuries received in a motor car accident at Belmont, made this statement Tuesday in answer to reports that he intends to resign "within three weeks."

That Kelly intends to resign in the near future was confirmed by County Executive Kellogg this morning.

"I believe he is going to resign," Kellogg said.

Kelly has recently been the subject of an investigation by the executive, Kellogg having been instructed by the board to probe the accident, which resulted in injury to three persons and charges of reckless driving against the purchasing agent, who was driving a county-owned car.

Most likely successor to Kelly is believed to be Ernest Werder, former purchasing agent who was replaced by Kelly.

Werder, although denying that he had been informed Kelly would resign shortly and he would succeed him, said he would "like to have the job," when interviewed by The Tribune.

Kellogg's term of office does not end until May 29, when he will be succeeded by Ernest A. Rolison, named today.

This date would postpone Kelly's resignation more than two months past the reported "three weeks" date.

Kelly said he would enter the real estate and insurance business after resigning.

IRELAND PICTURES SHOWN

Three reels of pictures taken by James Hearne in Ireland during a recent trip were shown Monday night to Redwood City legionnaires meeting in regular session at the Veterans' Hall. The pictures showed many rural scenes in Ireland, offering an excellent idea of life there, the legionnaires reported.

WASHING TIME Cut ⅓ by the new Spiralator EASY WASHER

Gleaming white porcelain and duco finish—new streamline design—new time and labor saving advantages—crown this remarkable new EASY "King of all washers."

Try the new features:

1. THE SPIRALATOR. Exclusive EASY washing action that actually saves ⅓ to ½ washing time—⅓ to ⅔ wear on clothes —⅓ soap and hot water.
2. THE DAMP-DRYER. Exclusive EASY water remover that whirls the water from clothes without squeezing in a wringer. Personal safety—25% more water removal —breaks no buttons.

This illustration shows the sensational new EASY Spiralator—the washing action developed by EASY engineers to save your time, your money and your clothes.

New 1937 EASY WASHER

HERE IS JUST WHAT YOU WANT AT THE PRICE YOU WANT TO PAY

Emerson Radio

"RE-CREATES THE ARTIST IN YOUR HOME"

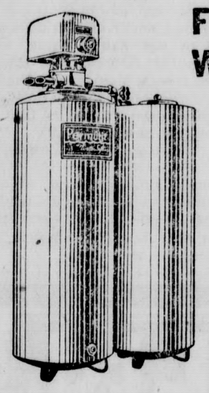
with Exclusive Gemloid Dial

Emerson's "Micro-Selector" gives you BIG-SET sensitivity. Just a twist of the wrist and you get just the station you want at *its very best.* More programs, better reception—with any radio engineered by the World's Largest Maker of Small Radios...EMERSON!

from $24.95 — 6-TUBE AC-DC SUPERHETERODYNE

EMERSON MODEL A-132 — Standard American Broadcasts and State Police Calls . . . Harmonized Unit Construction. 6-Inch Dynamic Speaker . . . Automatic Volume Control . . . Signal Filter . . . Built-In Antenna . . . trim, Modern Acoustically Constructed Cabinet with the Indirectly Lighted Emerson GEMLOID Dial.

AT LAST a fool-proof FULLY AUTOMATIC WATER SOFTENER



Regeneration faultlessly controlled by electric clock, meter or switch

SOFT water is important—but uniform, unvarying soft water is more important. So Permutit engineers have gone the limit—they have actually developed equipment that will give you a uniform, perfect supply of soft water today, tomorrow, and for many years to come.

Just install Permutit in your basement; it never makes mistakes—it never forgets.

And every day Permutit is working for you it saves you money, for soft water is quite the most pleasant economy you can practice. In your bathroom, your kitchen, your laundry and your plumbing system, pennies are saved for you daily . . . they quickly amount to more than the original cost. If you don't believe it, just clip the coupon—you will be surprised.

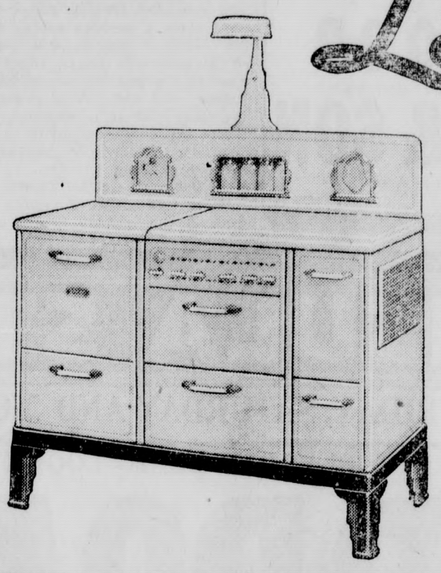
SPARK Leads



in Styling

in Convenience

in Economy

in Patented, Exclusive Features

Cooks Your Food • Heats Your Home Burns Your Trash – *All with Gas!*

It takes but an instant to recognize the smart, modern styling of the Spark—but the real beauty of the stove lies in its matchless quality and its many patented, exclusive features. Spark, and *only* Spark, gives you the patented, built-in Gas Circulating Heater, *in addition* to a regular trash burner; Spark, and *only* Spark, gives you the new "Adjusto-Grid" broiler, which raises or lowers at a turn of the wrist; Spark, and *only* Spark, gives you the famous Spark Full-flued "even heat" oven, with low oven temperature control and automatic oven lighter. These are but a few of many Spark features that actually make cooking a pleasure instead of a task. Come in today and let us show you *all* of them.

WE INVITE YOU TO ATTEND "OPEN HOUSE"

AT OUR NEW AND LARGER STORE AT 2521 BROADWAY,

We invite you to drop in and visit our new and larger quarters where we now have as fine a selection of home appliances on display as you will find anywhere in Northern California. We do not want you to feel under any obligation to buy what-so-ever.

In keeping with our policy of selling only high quality merchandise we have added a complete line of new 1937 General Electric Refrigerators.

We have also installed a large service department for repairing all types of home appliances.

Terms on purchases made at the Good Housekeeping Store will be arranged to suit YOUR convenience.

ECONOMY WINS!

U. S. GOVERNMENT BUYS 16,697 WESTINGHOUSE REFRIGERATORS ON BASIS OF LOWEST 10-YEAR COST

U. S. Public Works Administration Awards World's Largest Single Refrigerator Contract

When the Government buys refrigerators for its low-rent housing projects, low operating cost is essential. Bids are based on initial price PLUS *cost of electricity for ten years.* On that basis, the Westinghouse Refrigerator won against all competing bidders. Because of the Westinghouse Economizer Unit, Super-sealed Insulation, and other features for increased operating efficiency, Westinghouse could submit a lower over-all bid, even though others quoted lower initial prices for refrigerators . . . If a Westinghouse Refrigerator will save money for the Government, it will save money for you . . . Stop in and see the new 1937 models.

IT'S 10 YEAR ECONOMY THAT COUNTS

EVERY HOUSE NEEDS WESTINGHOUSE

SEE THE NEW

Westinghouse *Kitchen-proved* REFRIGERATORS

ELECTRICAL *HOUSEHOLD* APPLIANCES

Westinghouse products listed here represent the accumulation of fifty years of electrical experience, delivering but one quality of traditional high standards. See them on display in our show room.

Automatic THRIFT UNIT

The *only* cold-producing mechanism with *Forced-Feed Lubrication* and *Oil Cooling*, an exclusive feature giving lower operating cost and longer life.

Benioff Seeks Speed Trial in High Court

Appealing from a fine of $50 imposed on him by Justice of the Peace Hugh Mullin of San Mateo for speeding, Fred Benioff, San Francisco furrier, has asked for a new trial in county superior court. The motion, made before Judge Maxwell McNutt, was taken under submission. Benioff was arrested for speeding and driving in an unsafe manner on the Bayshore near San Mateo, in December, 1935. If granted, the trial will be one of the first speeding cases ever heard in superior court.

Pleads Ties Of Blood Kin

Before Superior Judge A. R. Cotton today was the latest phase of the custody case involving the Boellaard orphans—Olga, 9, and Leanna, 5, left without parents in a Redwood City grade crossing crash last July 16 that wiped out the lives of both Mr. and Mrs. John Boellaard.

Miss Nina Kusnetsoff, 29 and blonde, who arrived here from Japan with her mother, Mrs. Paraskeva Kusnetsoff, 59, last week, late yesterday filed in Judge Cotton's court a petition asking that the letters of guardianship granted Alexander P. Lvars, a participant in the last big revolution in Russia, and his wife, a nurse in the same conflict, be revoked.

The Kusnetsoffs claim to be the only blood relatives in America of the two children.

CUSTODY GIVEN IVARS

Early this month Jugde Cotton granted the custody of the children to the Ivars, not realizing, attorneys for the Kusnetsoffs said, that the others were enroute from Japan.

Miss Kusnetsoff, who speaks English, has given up her Russian citizenship to institute the battle. She said she applied for naturalization papers last Tuesday, the day after she debarked from the Taiyo Maru in San Francisco. She has a contract with the Paradise Stores, large Japanese concern, to act as buyer for them in the United States.

WAR WOUND REASON

Mrs. Ivars explained in a document filed here that she had been injured while serving as a nurse in the revolution and could consequently bear no children. She and her husband, she said, had been looking for two Russian children to adopt and declare they would not willingly part with the children.

Representing Miss Kusnetsoff is Atty. Paul A. McCarthy, mayor of Redwood City.

In the decade from 1920 to 1930 automobile registrations in the nation increased from 9,231,941 to 26,545,000.

N. H. Robotham Head of Firm

With an Emerald Lake civic leader as general manager, what may be eventually a new transportation service between San Francisco and Los Angeles was in process of organization today following granting of a franchise to the Airline Bus Company to operate stages through Hollister by way of Coalinga.

Although the company is restricted under the franchise to service between points south of Hollister and north of Maricopa junction in the San Joaquin valley, Norman H. Robotham of Emerald Lake, general manager of the company, regarded the permit as a "starter toward a service that may ultimately be complete."

"It's better than nothing," he said, when word was received here of the action of the state railroad commission in granting the long disputed franchise.

The new company cannot carry any through passengers from San Francisco to Los Angeles or return; cannot carry any local passengers in either direction between Hollister and San Francisco or any intermediate points, and cannot carry any local passengers in either direction between Los Angeles and Maricopa junction and intermediate points.

OIL REGIONS

Bus line connections will be provided under the franchise for all points to and from Tres Pinos, Paicines, Pinnacles, San Benito, Priest Valley, Coalinga, Avenal, Blackwell's Corners, McKittrick, Fellows and Taft, serving the West Side oil fields region particularly.

The franchise was hotly opposed by the Pacific Greyhound company, which at the same time was granted an additional certificate to provide stage service between Coalinga and Fresno.

Robotham is president of the Highlands District Improvement Club.

John Cain, new grid coach at Southwestern Louisiana institute, called signals for the 1930 'Bama team that beat Washington State 24-0 in the Rose Bowl.

-SPECIAL COUPON-

SALE

This Coupon and 25c entitles bearer to one introductory bottle of WILLIAMS R.U.X. COMPOUND at YOUNG DRUG CO. Good today, Friday and Saturday only.

THIS COUPON PLUS 25 CENTS
Entitles you to a special introductory bottle of WILLIAMS R.U.X. COMPOUND.

WILLIAMS R.U.X. COMPOUND
New formula aids thousands of suffers from agony of Rheumatism, Arthritis, Neuraligia, Neuritis.

STARTLING NEW FORMULA!

We, the Redwood City agents for this formula, are so sure of this product through the thousands of druggist reports that we have obtained a supply of trial size bottles to be sold for less than cost, Friday and Saturday only.

We do not ask you to buy the regular size bottle—we know that the trial package will prove to you that it is all we claim.

We feel so sure you will be amazed at the wonderful relief from pain you will experience in a short time.

If you are suffering from the horrible agony of rheumatism, arthritis, neuralgia and neuritis you cannot afford to overlook the opportunity to get acquainted with Williams R.U.X. Compound. Ask your druggist what R.U.X. contains. He will tell you, and he'll also tell you what it should do for you.

WHAT R.U.X. WILL DO FOR YOU

Within 4 minutes after you take a dose of R.U.X., it will begin to be absorbed into your blood stream. A remarkable ingredient is carried through the tissues of your body and actually reaches the muscles themselves from the inside, where the plainful uric acid deposit lies. Thousands of men and women, who have been spending large sums of money on costly treatments, have found quick relief from pain by using this remarkable and inexpensive medicine.

Here is the experience of Mr. F. J. Pepper, 215 E. Jay, Hanford, California:
"I have been troubled with rheumatism for the past 20 years. My shoulders ached terribly and my arms were sore and I could not raise them at times to carry on my work as a painter. I could not rest at nights. I tried to lie in different positions to obtain a little sleep. I have tried 'everything' in the way of medicine to obtain relief from my pains which have at times laid me up for days.

"I saw Williams R.U.X. Compound advertised in the paper and thought I had been stung by every kind of fake bee and so I might as well try this one. But I now know I was not 'stung' for almost with the first bottle I obtained relief. Whereas at times before I have had to have help in getting on my coat even, now I can raise my arms at will, carry on my work, go on my hunting trips; and for the first time in years I am able to sleep with relief and free of those shoulder and arm aches. I can surely recommend it to any who suffer as I did and want relief."

Mr. Pepper has lived here since 1913, is about 52 years old, and a painter by trade. He is quite a game hunter and expresses hope that this medicine will continue to improve him as he has a big hunt on for this spring.

Everyone who suffers from the pain of rheumatism, arthritis, neuralgia, and neuritis, should try this medicine which has done so much for others.

INTRODUCTORY TRIAL OFFER

To prove just what Williams R.U.X. Compound can actually do, this introductory 25c treatment is offered to you below cost. If you are not entirely satisfied, your money will be refunded. We make this guarantee because we have found 90% of the people who try this medicine are absolutely convinced by the first trial that R.U.X. is exactly the medicine their system needs.

Angina pectoris, a form of heart disease, is extremely rare among persons under middle age and is much more common in men than in women.

Trees Planted At Firehouse

BELMONT, Feb. 24 — The Belmont Parent-Teacher association and the Woman's club held a joint tree planting ceremony in front of the fire house yesterday before a large group of local and visiting friends.

The four foot Sequoia tree presented by the Parent-Teacher association was planted by Mrs. Julian S. Combatalade, president of the local unit. It was dedicated to the memory of Mrs. David O. Mears, one of the original charter members of the Parent-Teacher movement and the first national chairman of Founder's Day.

Mrs. Louis A. Barrett, president of the Woman's club, planted the Woman's club tree, a four foot Cedar, in memory of the nine deceased firemen of the local department.

Preceding the tree planting ceremony Miss Victoria Roussel read a poem entitled, "Trees."

At the close of the program Fire Chief William Neilson, Fire Commissioners Louis A. Barrett, John G. Smith and George Roussell, together with George and Edward LeGarde, uniformed fireman, showed the visitors through the new firehouse.

N.P.A. Residents Group Seeks Members

A new drive for members is to be inaugurated by the North Palo Alto Resident's Association, following election Friday night of John Kalsey president and Miss Geraldine Lyman as secretary. The club is also seeking arterial stop signs at certain streets and urges a new program of extensive roadwork in its district.

Sir Edgeworth David, Welsh explorer, was the discoverer of the south magnetic pole.

Stags that have shed their antlers fight with hoofs and teeth.

M. P. Zoning Changes Asked

MENLO PARK, Feb. 24 — In support of a petition asking that a certain area of Stanford Park be rezoned from a "B" district to "A", a group of property owners in the park appeared before the city council last night.

The petition, signed by 74 residents, was referred to the planning commission. If it is found to be in order a public hearing will be called to consider the changes.

All buildings except single family homes, churches, schools, physicians' offices, and nurseries would be restricted from the area in question if the zone "A" requirements are applied.

As indicated on a map submitted by the petitioners, the district is bounded on the east by Creek drive, on the south by Arbor road and on the north by Alto lane. The western boundary would begin on Alto lane at Cambridge avenue, including lots on both sides of that street south to University drive, thence west to College avenue and south to Arbor road.

Planning officials pointed out that the 260 parcels of land within the area can not qualify for zone "A" rating, since it requires that all building lots be not less than 10,000 square feet in extent, while few of those in the proposed area are more than 6,000 feet.

Acting as commissioner of streets, Councilman Irving Dunn presented to the council for transmittal to the planning commission a map indicating recommended planning changes.

As a program for the future, Dunn suggested extension of Oak Grove avenue through the Flood estate to the Bayshore highway, with widening of Santa Cruz avenue and its curvature at University drive to intersect Oak Grove avenue.

Illustrated on the plan are all unincorporated areas lying within the city's boundaries. They include the M. F. O'Dea tract on El Camino Real, on which incorporation negotiations are now under way, the Holbrook property adjoining the railroad right-of-way, Menlo Park Villa and the Reynolds tract adjoining El Camino Real, the W. K. White tract and a lot owned by the Catholic church on Oak Grove avenue, the Joaquin, Enten, and Jenkins properties between Middle and Santa Cruz avenues.

These sections are all unincorporated area at the present, and should be annexed, Dunn said.

'REMBRANDT' AT LOCAL THEATRE

The producer, Alexander Korda, and the star, Charles Laughton, of "Henry VIII" are teamed together again to bring "Rembrandt," the life story of the greatest artist the world has ever known, to the Redwood Theatre on a two first run feature double bill with "Alibi for Murder," starring Marguerite Churchill and William Gargan.

Alcohol Taxes Bring $25,804 To S.M. County

Unincorporated areas of San Mateo county will receive $25,809.24 as their share of the alcoholic beverage licenses collected in 1936, the state board of equalization announced in Sacramento today.

The distribution is based on 50 per cent of the total alcoholic beverage licenses collected during the calendar year.

"County government may expect to receive their allocations, subject to minor adjustments, early in March," the announcement said. Total collections in the unincorporated areas amounted to $1,170,679.05, of which $585,337.38 will be returned.

The beverage control act also provides that 50 per cent of the earnings from license fees shall be returned to the communities from which such fees originated. In cities of 20,000 population or over, the collections amounted to $3,193,464.95 for the year.

No tabulation was announced of amounts collected in cities under 20,000 population.

Final Arguments In City's Power Case Presented

Final briefs and legal arguments from Redwood City and the Pacific Gas and Electric Company were in the hands of the state railroad commission today, following an oral hearing in San Francisco before the commission, in which legal representatives from both sides presented their arguments on the question of valuation of the utility's distribution facilities in Redwood City.

Dismissal Asked In Widow's Suit

Following close upon a petition by the Southern Pacific that her $76,000 damage suit be transferred to Federal Court in San Francisco, a motion for dismissal of the suit Tuesday was granted to Mrs. Agnes J. Ewart of Burlingame by Superior Judge A. R. Cotton. It was believed that the dismissal was asked so that a new complaint in connection with the death of Mrs. Ewart's husband, Robert Ewart, killed by a train in Burlingame June 12, 1936, might be filed, so worded that it would be difficult to secure a change of venue.

The nationa flag of Japan, the Rising Sun, has 16 rays.

Belmont to Elect Fire Commissioners

BELMONT Feb. 23, —On April 5 Belmont will elect two fire commissioners. The terms of Commissioners John G. Smith and Louis A. Barrett expire. Barrett was appointed recently to serve out the term of John Marston, resigned. George Roussell is the holdover. Candidates must file their nomination papers before March 12. Commissioners Smith and Barrett will seek re-election, it was understood.

Dentist's Wife Sues Theatre for Tumble

Mrs. Elizabeth Fallgren, wife of Dr. P. A. Fallgren, San Mateo dentist, charging that an August 4 fall in a Burlingame theater left her permanently lame, has filed suit in superior court here for $10,000 damages. Defendants in the suit, filed through Atty. F. E. Hoffman of San Mateo, are the Fox West Coast Theatres and the Peninsula Theatre.

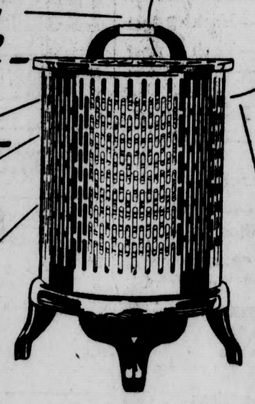
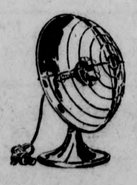
There are no MONKEY-SHINES about ELECTRIC HEAT



It's Quick— Modern— Clean as Sunshine

YOU DO NOT have to be tropical-blooded to appreciate the wholesome, full-bodied warmth of an electric heater in a chilly bathroom or bedroom. And in every home there is need for at least one or two of these quick and good extra heat providers.

With the portable electric heater there are no "monkey-shines" necessary to put it to work. Just plug it into any convenience outlet. Buy one of these dependable and guaranteed electric heaters today. Upon approved credit, terms are only One Dollar Down and One Dollar a Month. These Special Terms end this month.



This "spot" heater is ideal for close-up heat in large rooms or cold room corners.

Here is a new small room heater. Warms up the bathroom or den quickly.

County Aged Get $15,266

With 65,755 individuals in the state receiving old assistance amounting to $2,071,675 in January, San Mateo county's share, with 495 recipients, was $15,266, Mrs. Florence L. Turner, director of the state department of welfare, announced today.

Allotments to some of the other counties, according to Associated Press figures, were: Alameda, 4602 persons, $143,243; Butte, 889 and $26,827; Colusa, 227 and $6847; Contra Costa, 514 and $15,990; Fresno, 1724 and $51,949; Humboldt, 735 and $22,948; Kern, 807 and $25,457; Merced, 336 and $9703; Monterey, 414 and $11,980; Nevada, 168 and $5189; Placer, 228 and $7998; Riverside, 1505 and 45,609; San Bernardino, 2236 and $71,057; San Diego, 3641 and $116,698; San Francisco, 5205 and $173,057; San Joaquin, 1263 and $39,495; Santa Barbara, 550 and $16,611.

M. P. Traffic Accident Brings $20,000 Suit

Tryge Strand, Pasadena cook, injured when he was struck by a truck January 13 at College avenue, Menlo Park, has filed suit against Walter C. Harper, 631 Cherry street, East Palo Alto, for $20,000 damages. Also named in the local superior court suit was the Kurtz Feed & Fuel Company, employers of Harper.

Strand charged that Harper's negligence resulted in the cook's being struck and so seriously injured that he did not recover consciousness for several days at Community Hospital. There, physicians recalled, he recovered his memory a week after the crash, following a dramatic interview with his wife. She had heard of him being injured, and it was only upon seeing her that he recalled his identity.

Diesel engines for motor vehicles in Germany are becoming increasingly popular.

R. C. Concert to Inaugurate WPA's Symphony Orchestra

In the forthcoming concerts planned by the San Mateo Federal Music Project of the WPA, Arthur Gundersen, supervisor, announced today the inauguration of a new policy, combining the San Mateo county and the San Jose Federal Concert Orchestras into a symphonic orchestra consisting of 50 musicians.

This move was felt necessary by Gundersen and Joseph Cizkovsky, conductor of the San Jose federal concert orchestra, due to the success of their concerts last fall.

Under this policy the lover of music—and especially students of music—will be able to hear in entirely the symphonic masterpieces of the classic and modern composers. The enlarged symphonic orchestra will alternate between Santa Clara and San Mateo counties, giving one concert a month in each district.

Two principal aims of the federal music project—the presentation of resident artists and the introduction of new music—shall be continued as heretofore, Gundersen said.

The first concert of this series shall be under the direction of Arthur Gundersen and is to be given in the Sequoia High School auditorium, Redwood City, on Tuesday evening, March 2, at 8:15 o'clock.

Miss Norma Letroeadec, violin 'cellist, a resident of the peninsula, and well known in music circles of the bay region, will be featured as soloist, playing "Kol Nidrei," by Max Bruch. The "Symphony in G Minor,' by Mozart will be the major work performed by the symphony orchestra. This concert is sponsored by Redwood City and is free to the public, Gundersen said.

Traffic Court Penalties $65

Russell Forbes, 21, San Francisco, headed a parade of speeders in justice court traffic sessions, Judge Edward I. McAuliffe's records revealed today. Forbes was fined $15 for driving 75 miles an hour on the Bayshore highway.

The total of fines collected last week in justice and police courts for traffic offenses was $65.50.

Other speeders brought in by state highway patrolmen and fined were: Harold Myers, La Honda, William Roham Jr., Stanford University, and Clifford J. Sims, Burlingame, all of whom paid $5 penalties; Eugene Felice, San Jose, Denver Groff, Mountain View, and George Mackey, San Francisco, all fined $2.50.

Fines of $2.50 were assessed Frank Vera of Palo Alto and Joseph De Lemos of South San Francisco for failure to stop at arterials. Third lane driving against traffic brought a $10 fine to Henry F. Kangieser, Menlo Park.

Two speeders were brought in by city police, both, Sal Martinez and Albert Hoover, paying $2.50 fines.

Eight motorists were fined $1 for overparking in Redwood City: B. Biggerstaff, Charles Walsh, Eugene Kleiner, Milton Hinds, William Summers, Perry Downs, Miles Rice and W. L. McNerney. Driving through an automobile signal here cost Ernest Sepulveda $10.

Winklebleck's Father Succumbs To Long Illness

Sam Winklebleck, publisher of The Tribune, received word at noon Wednesday that his father, Levi Winklebleck, retired Modesto real estate and insurance man, had passed away in the San Joaquin valley city after suffering a stroke of paralysis.

Mr. Winklebleck, who was 73, had been in ill health for the past three years. His passing was not unexpected.

A native of Ohio, Mr. Winklebleck for many years was a minister of the German Church of the Brethren. He came to Modesto in 1908, and aided settlement of the nearby Empire and Waterford colonies with church members. Before coming west he engaged for a time in the timber business in Indiana.

Besides his son here, Mr. Winklebleck is survived by his wife, Catherine, and two daughters, Mrs. Ray Garvey of Fresno and Mrs. P. A. Havelick of Indianapolis.

Sam Winklebleck, accompanied by Mrs. Winklebleck, left immediately for Modesto upon learning of the elder Winklebleck's death.

Funeral arrangements have not as yet been completed.

SITE SOUGHT FOR COUNTY FIREHOUSE

Federal Funds May Be Obtained If County Provides Land

That the county donate a site opposite the present county corporation yard for construction of a county fire department garage with federal funds will be the proposal laid before the board of supervisors soon by Fire Warden Bert Werder.

With a site near the juvenile home "the ideal location," in Werder's mind, he said today he plans to contact Board Chairman Hugh H. Smith to talk over the possibility of seeking participation in federal funds now available, if the county takes prompt advantage of the opportunity.

Pointing out that experience with relief funds had indicated that "first come, first served," was a well-established rule, Werder said that he would attempt to have the matter brought to a head as soon as possible.

The fire warden earlier had expressed disappointment over lack of fire department facilities contemplated in the courthouse annex, now awaiting approval of plans by the Public Works Administration. The annex would be constructed on the block where the county fire department is now lodged, and its construction work would necessitate tearing down the present garage and department headquarters.

Werder, having made a trip to Sacramento to investigate, was encouraged to learn that projects for non-revenue gaining agencies, such as the fire department, received preference in the six-year plan of the government, which will spend $6,000,000 on non-relief projects aimed at creating work.

Bee Keepers Get Warning of Need For Registration

County Agricultural Commissioner Max J. Leonard today notified beekeepers of the county that they should register their bees on or before March 1 to avoid penalties for failure to register.

There is no payment required for the registration of bees but failure to register them is a violation of the agricultural code. Forms for registration of bees may be secured from the agricultural commissioner.

The state agricultural code requires that all colonies be registered regardless of the number owned by the beekeeper.

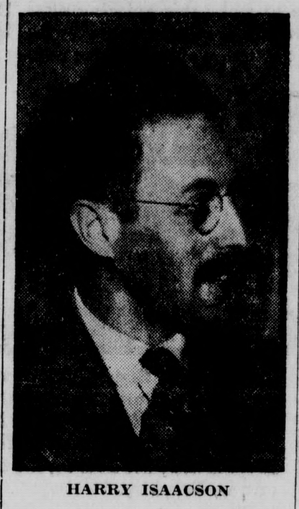
The purpose of registration is to enable the county agricultural commissioner to know where all bees in his county are located.

More than 100,000 cases of tuna are canned annually in Hawaii.

CONDITIONS BLAMED FOR BURGLARIES

'Not Really Criminal At Heart,' Asserts Jekyll-Hyde Man

Arraigned on a charge of burglary and awaiting preliminary hearing before Justice of the Peace



HARRY ISAACSON

Gus B. Risso, Harry Isaacson, 33, former medical student who turned gentleman thief and left a string of "jobs' behind him on the peninsula, blamed his offenses today on "what a man will do when he is up against it."

"I'm not a criminal at heart," the purported Burlingame gold salesman and admitted "Raffles" said, analyzing his case with verbal scalpels.

"You can't tell what a man will do when he is hard up," Isaacson said.

Tall, distinguished looking, with a doctorly air, Isaacson speaks English with just a trace of foreign accent. He claims to be of Dutch nationality, speaking French and German fluently.

Keen-witted, he joked in French with a Tribune reporter. Asked what prompted him to perpetrate the 11 burglaries which he has confessed, Isaacson smilingly answered, "J'etais fou." (I was crazy).

"But then perhaps I had better not say that to you in French," he continued. "You might translate the word 'fou' as 'nuts,' and that would not be very pretty in your newspaper."

Isaacson insists that his brunette wife knew nothing of the burglaries and believed that her husband was selling and buying gold when he visited wealthy homes.

"Actually I was getting the lay of the land for possible burglaries," he admitted to officers.

His wife visited him at the jail last night, leaving in tears.

Safety officials estimate there are 44,000,000 automobile drivers in the United States.

GAMBLING ON PENINSULA RIFE, GRAND JURY TOLD

San Mateo county's close-mouthed grand jury was revealed today to have had placed before it startling charges concerning gambling and slot-machine rackets on the peninsula.

The accusations were made, it was learned, at Tuesday night's session when at least one witness, possibly more, was subpenaed.

The charges were:

1. That there are a hundred slot machines operating in the county now, with a wholesale liquor firm owning a string of the machines.

2. That "those in the know" consider efforts of Special Investigator James O'Hanlon to stamp out slot-machines as futile.

3. That there are at least six places in the county where horse racing books are being operated.

4. That deputy sheriffs and some police officers had been seen in gambling places without any arrests being made.

5. That accusations—startlingly accurate—made by a committee of unidentified vigilantes here in 1935, had been ignored, with more time being spent on learning their identity than in probing the truth of their accusations.

6. That the district attorney's office could stamp out gambling in the county in a short time, as was demonstrated by the actions of Dist. Atty. Earl Warren in Alameda county

From these revelations, and from the disclosures that the inquisitors have probed far more deeply into the gambling setup in the county than any of their predecessors, it was anticipated that startling and wide-scale war on the gamblers may be undertaken within a short time.

An hour and three quarters' discussion and asking of 47 questions from a witness who was in a position to know the gambling conditions in the county, resulted in the jury's already thorough knowledge of the situation being completed and verified, it was learned.

The jurors were flatly told, it was reported, that gambling had been running wide open even during so-called anti-gambling campaigns of previous juries.

The jurors, furthermore, had pointed out to them, it was asserted, that slot-machine violations brought only the minimum penalty—a $100 fine—and that this fine served in a sense as a license charge.

Close upon the heels of this information came the announcement by Sheriff James J. McGrath that five slot-machines were secured in two raids last night.

Four slot machines, ranging from 5-cent to 25-cent devices, were picked up by Sheriff McGrath, accompanied by Undersheriff Lawrence Nieri and Deputy Matt Farrell, at "Stone's Cellar," Menlo Park, operated by G. Domenicano. The fifth device was seized at George Alper's resort at Kings Mountain.

Seizure of the machines marked a definite break with the old methods of taking the devices. They were the first in several months to be seized by the sheriff's office working alone. Since the installation of O'Hanlon as special investigator of the district attorney's office, most of the devices have been seized by him, when accompanied by deputies. O'Hanlon, however, has not been active in making seizures for several months.

Flood Estate Hearing Set for March 9th

ATHERTON, Feb. 24—Date of hearing on the proposed subdivision of the James L. Flood estate as a residential property area was set forward to March 9 by the town council at its regular meeting yesterday, after City Engineer James S. James explained that the subdivision map was not yet completed.

In a brief meeting the council acknowledged receipt of delinquent taxes for the years 1930-36 in the sum of $310.20 from Controller E. M. Stack of San Mateo county. Also received was a total of $79.21 representing payments on delinquent street improvement assessments.

Building permits issued during the month totaled $29,800, and the judge's fines collected $142.50.

Fruit juice production, including tomato juice, in the last 10 years has grown to more than 20,000,000 cases. The total annual pack is valued at $25,000,000.

Dry ice as a railway refrigerant is being experimented with in South Africa.

Ernest Massey Sails On Liner As Cadet

Ernest Massey, son of Mr. and Mrs. E. M. Massey, Francis Lane, spent his first day at sea Tuesday as a cadet on the President Pierce, around the world liner which left San Francisco yesterday.

Young Massey was graduated from Sequoia high school in 1936. His elementary work was done at the California Military Academy. The youth plans to make the sea his career, according to his mother.
